Subject: Conversation between montague.kathryn@epa.gov and adeeb.shanta@epa.gov

montague.kathryn@epa.gov [4:54 PM]:

Hello

adeeb.shanta@epa.gov [4:54 PM]:

KAYYYYYYY

montague.kathryn@epa.gov [4:54 PM]:

Trying to figure out how poor Aidan got Gold Seals dumped on him

montague.kathryn@epa.gov [4:54 PM]:

Did John do that? Aidan is seriously brand new

adeeb.shanta@epa.gov [4:55 PM]:

Aidan?

adeeb.shanta@epa.gov [4:55 PM]:

Yes

montague.kathryn@epa.gov [4:55 PM]:

I didn't think Gold Seal signatures were delegated below the PM level

adeeb.shanta@epa.gov [4:55 PM]:

I got an email from Adina saying John asked him to send something to RD

adeeb.shanta@epa.gov [4:55 PM]:

I should not be done

montague.kathryn@epa.gov [4:56 PM]:

UGH I will sign the letters if he sends me the files. I just emailed him

montague.kathryn@epa.gov [4:56 PM]:

I don't know what John is thinking some times

adeeb.shanta@epa.gov [4:56 PM]:

We have not changed the SOP and this could cause big issues

montague.kathryn@epa.gov [4:56 PM]:

Legal implications tend not to mean a lot to him, I've noticed

adeeb.shanta@epa.gov [4:56 PM]:

Hmmmmmm. *Files that away

adeeb.shanta@epa.gov [4:56 PM]:

lol

montague.kathryn@epa.gov [4:57 PM]:

I think some of the lawsuits on Meredith's team over the years were due to John cutting corners

adeeb.shanta@epa.gov [4:57 PM]:

Please let David know too.

montague.kathryn@epa.gov [4:57 PM]:

He was PM 7 for years

montague.kathryn@epa.gov [4:57 PM]:

My email should have gone to all of you

adeeb.shanta@epa.gov [4:57 PM]:

Aldicarb is my dicamba. Fun

montague.kathryn@epa.gov [4:57 PM]:

Ewww

montague.kathryn@epa.gov [4:57 PM]:

In EFED we called it All De Crap

adeeb.shanta@epa.gov [4:58 PM]:

I saw one this morning from you.

montague.kathryn@epa.gov [4:58 PM]:

Everyone who was working on it would leave, like 5 people in a row lol

adeeb.shanta@epa.gov [4:58 PM]:

No way it should have been delegated to him. That was a basic question.

montague.kathryn@epa.gov [4:59 PM]:

The poor guy is literally just learning notifications, lol

adeeb.shanta@epa.gov [4:59 PM]:

Not a judgment of him. This is not a process for new hires.

adeeb.shanta@epa.gov [4:59 PM]:

Fun times.

montague.kathryn@epa.gov [5:00 PM]:

I'm literally doing 3 people's jobs this week: John's, PM 33 (who doesn't exist at the moment), and my own

montague.kathryn@epa.gov [5:00 PM]:

Thursday calls for serious drinking

adeeb.shanta@epa.gov [5:01 PM]:

I am out of mixer.

adeeb.shanta@epa.gov [5:01 PM]:

Let me add to my Instacart order

montague.kathryn@epa.gov [5:04 PM]:

oh yes, you must. Or straight lime juice and some simple syrup (which is super easy to make, too).

montague.kathryn@epa.gov [5:04 PM]:

That's what I use, so I can control the sugar content

montague.kathryn@epa.gov [5:06 PM]:

How do you like Instacart? I've been direct-ordering from Safeway, but they always manage to be "out of stock" of things (which I know they have in the local store, because I've actually driven there and checked after the order arrives, lol). The person just couldn't find it/didn't bother to look very hard.
